

A copy of the letter ECF sent to Transport Ministers on 16 June 2011

Re: Cycling and the 'Key messages of the Ministers of Transport at the ITF 2011 summit'

Dear X,

At ECF we greatly appreciate that the Ministers of Transport, meeting in Leipzig on May 26, 2011, incorporated recommendations on National Policies to Promote Cycling into their 'Key Messages from Ministers on Transport for Society'.

At the 2011 ITF annual summit, ECF presented the 'Charter of Seville' which especially addresses the Ministers of Transport. We also participated in the discussions at the summit and promoted 'Cycling for Society' at our booth during the event.

To elevate the Ministers' recommendations on National Policies to Promote Cycling and ECF's key messages from the ITF 2011 summit, we have published and distributed the attached document.

We kindly ask you to:

- both consider and carry out the Ministers' recommendations on National Policies to Promote Cycling (see page 3 of the attached document) and
- inform us about your policy on cycling regarding the recommendations.
